Guide for use:	This metadata item should always be recorded as an 8-digit valid date comprising day, month and year. Year should always be recorded in its full 4-digit format. For days and months with a numeric value of less than 10, zeros should be used to ensure that the date contains the required 8 digits. For example if a person received assistance from an agency on 1 July 2000 the Assistance receipt date should be recorded as 01072000 as specified in the representational layout.
Collection methods:	The date recorded should reflect the date on which the client received any type of assistance. Where a client receives more than one occasion of service on the same day, the agency should separately record each occasion of service against the same date.

The HPA collection requires a different format from the standard. The HPA collection required format is DD/MM/YYYY.

For the purposes of this collection this data item should record the date that the assistance is first received by the household, regardless of whether this date precedes the 2009-10 financial year.

The originating date of assistance will precede 1/7/2009 whenever households commenced receiving an ongoing form of assistance in a previous financial year and continued to receive that assistance in the 2009-10 financial year, or whenever households have, for the given assistance type, outstanding balances on repayable assistance provided in a previous financial year.

For example, if a household first received direct lending assistance in the 2001-2002 financial year and has a balance outstanding on their loan at the commencement of the 2009-10 financial year, the assistance received date for direct lending assistance will be the date their loan was issued in the 2001-2002 financial year. If they then commence receive ongoing mortgage relief on this loan in the 2008-09 financial year and continue to receive mortgage relief in the 2009-10 financial year, then the assistance received date for mortgage relief will be when it was first provided in the 2008-09 financial year.
