Context: Specialised mental health services.

Relational and Representational Attributes

Datatype: Numeric
Representational form: CODE
Representation layout: N
Minimum Size: 1
Maximum Size: 1
Data Domain: 1 Admitted patient care setting
 2 Residential care setting
 3 Ambulatory care setting
 9 Unknown/not stated/inadequately described
Guide For Use: To be reported for specialised mental health establishments only, as defined in the Specialised mental health service data element concept.
A single mental health establishment may provide care in more than one setting. This data element is intended to allow staffing, resource and expenditure data related to these settings to be identified and reported separately.
1 - Admitted patient care setting
The component of specialised mental health services that provides admitted patient care. These are specialised psychiatric hospitals and specialist psychiatric units located within hospitals that are not specialised psychiatric hospitals. Excludes hospital outpatient clinics.
2 - Residential care setting
