Value domain attributes

Representational attributes

Representation class:	Code	
Data type:	Number	
Format:	N	
Maximum character length:	1	
	Value	**Meaning**
Permissible values:	1	Yes
	2	No
Supplementary values:	9	Not stated/inadequately described

Collection and usage attributes

Guide for use:	CODE 9 Not stated/inadequately described
	This code is not for use in primary data collections.

Data element attributes

Collection and usage attributes

Guide for use:	The person may be a **student**, and or engaged in training.

Relational attributes

Implementation in Data Set Specifications:

Conditional obligation:

This item is only applicable to paid contact workers/caregivers in child care and preschool services. Only workers identified as being 'paid' in the data element: Paid employment indicator AND as being 'primary contact workers' or 'other contact workers' in the data element: Work type (children's services) should respond to this data element.

DSS specific information:

In the Children's Services NMDS, this data element refers to whether a paid contact worker is currently studying for a qualification in a children's services related field.

This item provides an indication of the number and proportion of staff who are working towards qualifications in the children's services field. It will allow a comparison of the staffing enrolment status across different service types and worker status (age, qualification level, length of experience etc.) and may contribute to children's services workforce policy and planning.

This item is only applicable to paid contact workers/caregivers in child care and preschool services. Only workers identified as being 'paid' in the data element: *Paid employment indicator* AND as being 'primary contact workers' or 'other contact workers' in the data element: *Work type (children's services)* should respond to this data element.
