Guide for use:

Main Health Care Service organisation

CODE 101 Hospital – public

An organisation comprised of a health care facility or group of health care facilities established under Commonwealth, state or territory legislation as a hospital or free-standing day hospital facility and authorised to provide treatment and/or care to patients. Comprises all health care facilities that are reported as public hospitals to the Public Hospital Establishments National Minimum Data Set (PHE NMDS). This includes organisations such as rehabilitation hospitals; psychiatric hospitals; mothercraft hospitals; and hospices and multi-purpose services defined as hospitals. The list of public hospitals reported to the PHE NMDS is available at www.aihw.gov.au/publications/index.cfm in the Australian Hospital Statistics annual report.

NOTE 1: Excludes providers of services where those services are not captured in the hospital financial statements. For example, the provider of a pathology or pharmacy service may be co-located within the hospital, but as a private service, and will pay the hospital for use of the site. The provider of this pathology or pharmacy service would be recorded under codes 106 to 112.

CODE 102 Hospital – private (excluding private free-standing day hospital facilities)

An organisation comprised of a health care facility or a group of health care facilities established under Commonwealth, state or territory legislation as a hospital and authorised to provide treatment and/or care to patients.

Comprises hospitals that are NOT reporting to the PHE NMDS.

NOTE: State and territory data providers are to refer to the GHE NMDS Collection Guidelines for instructions on how to report expenditure for this category.

Excludes private free-standing day hospital facilities reported under code 103.

CODE 103 Hospital - private free-standing day facility (excluding private non free-standing day hospital facilities)

An organisation comprised of one or more private free-standing day hospital facilities which provide investigation and treatment for acute conditions on a day-only basis and is approved by the Commonwealth as a hospital for the purposes of private health insurance benefits. The four main types of private free-standing day hospitals are specialist endoscopy, ophthalmic, plastic/cosmetic and general. Excludes private non free-standing day hospital facilities reported under code 102.

CODE 104 Residential facility – mental health care

An organisation comprised of one or more specialised mental health facilities primarily engaged in providing residential care to persons requiring mental health diagnosis and treatment combined with either nursing, supervisory or other types of care as required (including medical) by the residents.

Excludes residential care facilities primarily providing aged care or care for persons requiring treatment for alcohol or other substance abuse or persons with a disability.

CODE 105 Residential facility – other

Includes all government-funded facilities primarily engaged in providing residential care to persons requiring diagnosis and treatment for alcohol and other substance abuse combined with either nursing, supervisory or other types of care as required (including medical) by the residents. Includes hospices that are not defined as hospitals and respite and transitional care services.

Excludes facilities primarily providing services to aged persons or persons requiring mental health diagnosis and treatment.

Also excludes residential care facilities that report under the Commonwealth, State and Territory Disability Agreement where the primary purpose is care for persons with a disability.

CODE 106 Provider of ambulance service

Organisations primarily engaged in providing transportation of patients by ground or air, along with health (or medical) care. These services are often provided during a medical emergency but are not restricted to emergencies. The vehicles are equipped with lifesaving equipment operated by medically trained personnel. Includes organisations providing public ambulance services or flying doctor services such as Royal Flying Doctor Service and Care Flight, and support programs to assist isolated patients with travel to obtain specialised health care.

NOTE 2: Excludes providers of services where those services are captured in public or private hospital financial statements. For example, the provider of an ambulance, medical or diagnostic laboratory, general practice, specialist medical, dental or other health practitioner service may be located within a hospital set of accounts and its expenditure recorded on the hospital financial statement. The provider of the ambulance or other service would then be recorded under code 101.
