Collection and usage attributes

Guide for use: A hierarchical structure exists for the value domain. Recording should be at the 2 digit level.

The types of legal arrangements are described in each jurisdiction's juvenile justice legislation. They vary slightly according to the State or Territory. However the value domain provides broad groupings of these legal orders or arrangements to which all jurisdictions should map their specific types of legal arrangements.

1 Pre-court appearance – police referred

CODE 11   Held in youth detention or remand centre or watch house

CODE 12   Other police-referred pre-court arrangements

Other pre-court arrangements is where the juvenile justice department is responsible for case management or supervision of the juvenile, such as supervised/conditional bail where the juvenile justice department is involved with monitoring or supervising the juvenile

2 Pre-sentence – court referred or ordered

CODE 21   Remanded

Remanded in a youth detention or remand centre or watch-house

CODE 23   Home detention bail

CODE 24   Supervised bail

CODE 25   Other court-referred pre-sentence arrangements

Other pre-sentence court orders or arrangements is where thejuvenile justice department is responsible for case management or supervision of the juvenile (such as supervised/conditional bail where the juvenile justice department is involved with monitoring or supervising the juvenile)

3 Sentenced

CODE 31   Community-based without additional mandated requirements

Supervision *without* additional mandated requirements

CODE 32   Community-based with additional mandated requirements

Supervision *and* other mandated requirements - requiring some form of obligation or additional element that the client is required to meet, rather than only being supervised or case managed. This obligation could be community work, developmental activity or program attendance (with or without direct supervision by the juvenile justice department of the work or activity but where the juvenile justice department is responsible for overall case management of the juvenile

CODE 33   Immediate release or suspended detention

CODE 34   Home detention

CODE 35   Detention

CODE 36   Parole or supervised release

CODE 37   Other sentence requiring JJ Department supervision or case management

<u>4 Other</u>

CODE 41   Other type of legal arrangement

Other type of legal arrangement is where the juvenile is supervised or case managed by the juvenile justice department and not included above

| **Collection methods:** | Record information about all orders and legal arrangements requiring supervision or case management by juvenile justice agencies, even where the orders are concurrent. A client can be recorded as being on multiple orders at any point in time. |

Data element attributes

Collection and usage attributes

Guide for use:	The Order type or Episode type is a code that provides information on the legal order or arrangement that has resulted in the supervision of the young person by the juvenile justice agency. A young person may be supervised as the result of multiple legal arrangements - each of these constitutes a separate order period.
Collection methods:	The episode type should be recorded on entry to each episode for a client.
Comments:
