Value domain attributes

Representational attributes

Classification scheme:	Australian Standard Classification of Education 2001
Representation class:	Code
Data type:	Number
Format:	N[NN]
Maximum character length:	3

Data element attributes

Collection and usage attributes

Collection methods:	The qualification status of a worker relates to the worker's currently held relevant qualifications (i.e. only completed qualifications should be reported). This metadata item is collected as a matched pair with the educational field of highest relevant qualification. That is, the 'field of highest education relevant qualification' and the 'highest level attained in this field' are collected together.
