Service provider organisation—amount of group assistance provided, total number N[NNNNN]

Identifying and definitional attributes

Metadata item type:	Data Element
Short name:	Number of group sessions
METEOR identifier:	480815
Registration status:	Health! , Standard 13/11/2014
Definition:	The total number of group sessions provided to clients by a service provider organisation.
Context:	Required to adequately describe the services provided to clients. The resources required to provide services to groups of clients are different from those required to provide services to an equivalent number of individuals. Hence, services to groups of clients should be counted separately from services to individuals.

Data element concept attributes

Identifying and definitional attributes

Data element concept:	Service provider organisation—amount of group assistance provided
METEOR identifier:	481277
Registration status:	Health! , Standard 13/11/2014

Context:	Required to adequately describe the services provided to clients. The resources required to provide services to groups of clients are different from those required to provide services to an equivalent number of individuals. Hence services to groups of clients should be counted separately from services to individuals.
Object class:	Service provider organisation
Property:	Amount of group assistance provided

Value domain attributes

Identifying and definitional attributes

Value domain:	Total number N[NNNNN]
METEOR identifier:	494784
Registration status:	Health! , Standard 13/11/2014 National Health Performance Authority (retired) , Retired 01/07/2016
Definition:	The total number.

Representational attributes

Representation class:	Total
Data type:	Number
Format:	N[NNNNN]

Maximum character length: 6

Source and reference attributes

Submitting organisation: Australian Institute of Health and Welfare

Data element attributes

Collection and usage attributes

Guide for use: Each group is to be counted once, irrespective of size or the number of staff providing services.

Comments: A group is defined as two or more clients receiving a service together where all individuals are not members of the same **family**. Family services are to be treated as occasions of service to an individual.
