Service provider organisation—amount of group assistance provided

Identifying and definitional attributes

Metadata item type:	Data Element Concept
METEOR identifier:	481277
Registration status:	HealthI , Standard 13/11/2014
Definition:	The number of group sessions provided to clients by a service provider organisation.
Context:	Required to adequately describe the services provided to clients. The resources required to provide services to groups of clients are different from those required to provide services to an equivalent number of individuals. Hence services to groups of clients should be counted separately from services to individuals.

Object Class attributes

Identifying and definitional attributes
