**Reporting requirements:** Annually to COAG.

**Organisation responsible for providing data:** Australian Institute of Health & Welfare.

**Further data development / collection required:**

**Other issues caveats:** Indicator (d) is based on indicators (c) and (f) in the previous NDA. A revised method of calculating the potential population affects the denominators. These changes have resulted in a break in series with data included in previous reports. Data have been backcast for 2008-09 and 2009-10. Data have been backcast to provide a comparable time series.
