# Provider extensions or restrictions to practice cluster

## Identifying and definitional attributes

**Metadata item type:** Data Set Specification

**METEOR identifier:** 525018

**Registration status:** [Health!](#), Standard 05/10/2016

**DSS type:** Data Element Cluster

**Scope:** The Provider extensions or restrictions to practice cluster includes data elements that define the special requirements associated with an individual's registration including endorsements, conditions, notations, undertakings, reprimands and cautions. Information on the reason for the practice modification and period of the modification is also included.

For each restriction or extension to practice (excluding endorsements) associated with a provider's registration, all data elements relating to practice modifications are to be completed.

For endorsements, all data elements except [Individual service provider—reason for practice modification, code N](#) are to be completed.

## Source and reference attributes

**Submitting organisation:** Australian Institute of Health and Welfare

**Reference documents:** Standards Australia 2014. AS 4846:2014 Person and provider identification in healthcare. Sydney: Standards Australia.

## Relational attributes

**Implementation in Data Set Specifications:** [Healthcare provider qualification and registration cluster](#)  
[Health!](#), Standard 05/10/2016
