Hospital teaching and training activities DSS 2014-15

Identifying and definitional attributes

Metadata item type:	Data Set Specification
METEOR identifier:	534706
Registration status:	HealthI , Retired 31/10/2017 Independent Hospital Pricing Authority , Superseded 27/11/2017
DSS type:	Data Set Specification (DSS)
Scope:	<p>The purpose of the Hospital teaching and training activities DSS is to collect information about teaching and training activities, funded by the states and territories, that are associated with Australian public hospitals.</p> <p>It is intended that the DSS will capture those activities that are unique to hospital delivery and thus activities that set hospitals apart in terms of cost.</p> <p>The scope of the DSS is establishment level data on teaching and training activities which occur in activity based funded hospitals.</p> <p>It is anticipated that additional data elements pertaining to research data will be added to the DSS in future years. Research data will not be collected in the first year of the DSS's implementation as a data standard.</p>

Collection and usage attributes

Statistical unit:	Public hospital establishments
Collection methods:	<p>Data are collected at each hospital from patient administrative, financial and other systems. Hospitals forward data to the relevant state or territory health authority on a regular basis (for example, monthly).</p> <p>Professional entry student clinical placement hours data are collected from higher education providers by Health Workforce Australia using a survey method. Prevocational and vocational medical graduate data are also compiled by Health Workforce Australia.</p> <p><i>National reporting arrangements</i></p> <p>State and territory health authorities provide the data to the Independent Hospital Pricing Authority for national collation, on an annual basis.</p> <p>State and territory health authorities may source professional entry student clinical placement hours data from Health Workforce Australia to meet the requirements of this DSS.</p> <p><i>Periods for which data are collected and nationally collated</i></p> <p>Financial years ending 30 June each year.</p> <p>Where students undertake training across financial years, activity should be attributed to the applicable financial year. The principle should be applied that no activity is to be double-counted or included in multiple financial years.</p>
Implementation start date:	01/07/2014
Implementation end date:	30/06/2015

Metadata items in this Data Set Specification

Seq No.	Metadata item	Obligation	Max occurs
1	Establishment—organisation identifier (Australian), NNX[X]NNNNN	Mandatory	1
2	Professional entry health professional student cluster	Conditional	1
<i>Conditional obligation:</i>			
The data elements in this data element cluster are only required to be reported for establishments able to collect data on professional entry health professional students .			
1	Establishment—student clinical placement hours, total hours N(7)	Mandatory	29
<i>DSS specific information:</i>			
If a legitimate data value cannot be provided by a jurisdiction for a particular category, such an occurrence should be handled via the use of a supplementary value of 9999997.			
2	Professional entry health professional student—intended profession type, code N[N].N	Mandatory	29
3	New health professional graduate cluster	Conditional	1

Conditional obligation:

The data elements in this data element cluster are only required to be reported for establishments able to collect data on [new health professional graduates](#).

Seq No.	Metadata item	Obligation	Max occurs
1	Establishment—full-time equivalent new health professional graduates, total N[NNN{.N}]	Mandatory	33
	DSS specific information:		
	If a legitimate data value cannot be provided by a jurisdiction for a particular category, such an occurrence should be handled via the use of a supplementary value of 9999.7.		
2	New health professional graduate—qualified profession type, code N[N].N	Mandatory	33
4	Health professional graduate trainee cluster	Conditional	1
	Conditional obligation:		
	The data elements in this data element cluster are only required to be reported for establishments able to collect data on health professional graduate trainees .		
1	Establishment—full-time equivalent health professional graduate trainees, total N[NNN{.N}]	Mandatory	55
	DSS specific information:		
	If a legitimate data value cannot be provided by a jurisdiction for a particular category, such an occurrence should be handled via the use of a supplementary value of 9999.7.		
2	Health professional graduate trainee—qualified profession type, code N[N].N	Mandatory	30
3	Medical graduate trainee—medical specialty type, code N[N].N[N]	Mandatory	25
