Representational attributes

Representation class:	Code	
Data type:	String	
Format:	N	
Maximum character length:	1	
	Value	**Meaning**
Permissible values:	1	Pre-court appearance - police referred: Held in youth detention or remand centre or watch house
	2	Pre-sentence - court referred or ordered: Remanded
	3	Sentenced - Detention
	4	Other - Other type of legal arrangement

Collection and usage attributes

Guide for use:

CODE 1 Pre-court appearance - police referred: Held in youth detention or remand centre or watch house

Supervised legal order or arrangement to hold a young person in custody before their initial court appearance.

CODE 2 Pre-sentence - court referred or ordered: Remanded

Remanded in a youth detention or remand centre or watch-house to await a court trial or sentencing.

CODE 3 Sentenced - Detention

Supervised legal order or arrangement where a young person completes their sentence in custody.

CODE 4 Other - Other type of legal arrangement

Includes all other types of supervised legal orders or arrangements not included above where the young person is supervised in custody.

Data element attributes

Collection and usage attributes

Guide for use:

If the start date of the current detention period is before the end date of the previous detention period, the detention type of the current period must not be the same as the detention type of the previous detention period.

If the detention end reason is 4 (transfer to another youth detention centre within the jurisdiction), the next detention record must start within a day and have the same detention type.
