Core system

Identifying and definitional attributes

Metadata item type:	Glossary Item
METEOR identifier:	557977
Registration status:	WA Health, Standard 19/03/2015
Definition:	A Patient Administration System (PAS) that is corporately managed by the Department of Health WA and records non-admitted activity to the required reporting standard.

Collection and usage attributes

Guide for use: Core systems include The Open Patient Administration System (TOPAS), web-based Patient Administration System (webPAS) and Health Care and Related Information System (HCARe).

Although the Allied Health System (AHS) is a corporately managed system, it does not record patient-level non-admitted activity to the required reporting standard and therefore cannot be classified as a core system.
