Collection and usage attributes

Guide for use: The date recorded is the date on which the service request was accepted by the health-care provider.

The acceptance date recorded may be when the patient's name is added to the health-care provider's patient list or when the request for service includes adequate information about the patient or when an urgency category is assigned or when the patient was first notified that their service request had been accepted.

Where no service request acceptance date is available, leave the field blank.
