Guide for use:

Care should be taken when interpreting this data element. The 'Under co-payment claim' category (Code U) is known to include some claims where the patient co-payment is less than the dispensed price due to the patient being eligible for Closing the Gap co-payment relief, i.e. the category includes a number of claims classified as under co-payment claims as a result of application of the Closing the Gap entitlement provisions.

Users are advised to exclude prescriptions for Closing the Gap co-payment eligible patients when attempting to ascertain the true number of under co-payment claims.
