Implementation in Data Set Specifications:

[Disability Services NMDS 2015–16 Disability](#), Superseded 28/09/2016

Implementation start date: 01/07/2015

Implementation end date: 30/06/2016

DSS specific information:

In the Disability Services Minimum Data Set (DS NMDS), this data element is used in conjunction with '[Person—communication method, code N](#)'.

In the DS NMDS, the method of communication along with how effective it is are collected in one question using the following codes:

- 1 Spoken language (effective)
- 2 Sign language (effective)
- 3 Other effective non-spoken communication (e.g. Canon Communicator, Compic)
- 4 Little, or no effective communication
- 5 Child aged under 5 years (not applicable)

If the communication method varies over time and it is difficult to say what the usual method is, please report the most effective method during the reference week.
