Informal carer—primary carer indicator, code N

Identifying and definitional attributes

Metadata item type:	Data Element
Short name:	Primary carer indicator
Synonymous names:	Carer primary status
METEOR identifier:	681048
Registration status:	Disability , Standard 15/12/2017
Definition:	An indicator of whether an informal carer is the primary carer, as represented by a code.

Data element concept attributes

Identifying and definitional attributes

Data element concept:	Informal carer—primary carer indicator
METEOR identifier:	681050
Registration status:	Disability , Standard 15/12/2017
Definition:	An indicator of whether an informal carer is the primary carer.
Object class:	Informal carer
Property:	Primary carer indicator

Source and reference attributes

Submitting organisation: Australian Institute of Health and Welfare

Value domain attributes

Identifying and definitional attributes

Value domain:	Yes/no/not stated/inadequately described code N
METEOR identifier:	301747
Registration status:	Health! , Standard 21/09/2005 Housing assistance , Standard 10/02/2006 Community Services (retired) , Standard 14/02/2006 Early Childhood , Standard 21/05/2010 Homelessness , Standard 23/08/2010 Independent Hospital Pricing Authority , Standard 01/11/2012 Disability , Standard 07/10/2014 Indigenous , Standard 13/03/2015 Children and Families , Standard 22/11/2016
Definition:	A code set representing 'yes', 'no' and 'not stated/inadequately described'.

Representational attributes

Representation class:	Code
Data type:	Number
Format:	N
Maximum character length:	1

Value	Meaning
-------	---------

Permissible values:	1	Yes
	2	No
Supplementary values:	9	Not stated/inadequately described

Collection and usage attributes

Guide for use: CODE 9 Not stated/inadequately described
This code is not for use in primary data collections.

Data element attributes

Collection and usage attributes

Guide for use: CODE 1: Yes
Record if the informal carer provides assistance with one or more core activities (self-care, mobility, or communication).

CODE 2: No
Record if the informal carer does not provide assistance with core activities (self-care, mobility, or communication).

This data element should only be reported in relation to service users that have an [informal carer](#).

Self-care includes activities such as bathing, dressing, eating and/or toileting.

Mobility includes moving around the home and/or moving around away from home (including the ability to use transport or drive a motor vehicle) and getting in or out of bed or a chair. If the only support provided to a service user is in the area of public transport or driving a motor vehicle and this support is not required every time the service user uses these modes of transport, then a person is not generally considered to be a primary carer. For example, if a person drives the service user to the shops every second Wednesday to go shopping, and the service user can normally move/get around on their own using public transport or a motor vehicle, then the person would not be considered a 'primary carer'.

Communication includes making oneself understood by strangers/family/friends/staff, in own native language if applicable, and understanding others.
