# Primary Health Network—number of regular clients with chronic obstructive pulmonary disease, total number N[NNNNNN]

## Identifying and definitional attributes

<b>Metadata item type:</b>	Data Element
<b>Short name:</b>	Number of regular clients with chronic obstructive pulmonary disease
<b>Synonymous names:</b>	Number of regular clients with COPD
<b>METEOR identifier:</b>	728777
<b>Registration status:</b>	<a href="#">Health!</a> , Recorded 05/01/2021
<b>Definition:</b>	The total number of people who are considered to be regular clients of service providers within a Primary Health Network at a given point in time and who have been diagnosed with chronic obstructive pulmonary disease (COPD).

## Data element concept attributes

### Identifying and definitional attributes

<b>Data element concept:</b>	<a href="#">Primary Health Network—number of regular clients with chronic obstructive pulmonary disease</a>
<b>METEOR identifier:</b>	728774
<b>Registration status:</b>	<a href="#">Health!</a> , Recorded 05/01/2021
<b>Definition:</b>	The number of people who are considered to be regular clients of service providers within a Primary Health Network at a given point in time and who have been diagnosed with chronic obstructive pulmonary disease (COPD).
<b>Object class:</b>	<a href="#">Primary Health Network</a>
<b>Property:</b>	<a href="#">Number of regular clients with chronic obstructive pulmonary disease</a>

## Data element attributes

### Collection and usage attributes

**Comments:** Chronic obstructive pulmonary disease (COPD) encompasses a number of conditions which obstruct airflow to the lungs, and individual diseases are classified as COPD or not by Patient Information Retrieval (PIRS) systems.

The definition of a regular client can vary depending on the context and/or collection in which the term is being applied, but generally involves a minimum number of visits to an organisation or agency or uses of a facility, occurring over a specific period of time. For example, in the primary health care context a regular client may be someone who has visited a particular primary health care provider 3 or more times in the last 2 years.
