National Framework for Protecting Australia's Children 2009-2020 (2020)

Identifying and definitional attributes

Metadata item type:	Indicator Set
Indicator set type:	Other
METEOR identifier:	737745
Registration status:	Children and Families , Standard 27/01/2021
Description:	The National Framework for Protecting Australia's Children 2009–2020 was endorsed by the Council of Australian Governments in 2009, and commits Commonwealth, state and territory governments, collaborating with the community sector, to an ambitious long-term approach to promoting and enhancing the safety and wellbeing of Australia's children. There are 31 indicators under the National Framework, but not all indicators are currently reportable.

Collection and usage attributes

Comments: Available trend data from 2009 onwards for reportable indicators are published on the AIHW website (AIHW 2017). The year listed above for each indicator (e.g. 2020) refers to the year of publication, not the year of data. As data sources vary across the indicators, so too does the data frequency (e.g. annual, biennial, four-yearly).
