Registration status:	Health! , Standard 18/06/2021
Definition:	The International Classification of Diseases and Related Health Problems, Tenth Revision, Australian Modification, 11th edition (ICD-10-AM 11th edn) code set representing principal diagnoses in an emergency department setting.

Representational attributes

Classification scheme:	Emergency Department International Statistical Classification of Diseases and Related Health Problems, Tenth Revision, Australian Modification, Principal Diagnosis Short List 11th edition
Representation class:	Code
Data type:	String

Format: ANN{.N[N]}

Maximum character length: 6

Collection and usage attributes

Guide for use: A [user guide](#) for the Emergency Department ICD-10-AM (Eleventh Edition) Principal Diagnosis Short List (ED Short List) can be found on The Independent Hospital Pricing Authority (IHPA)'s website (IHPA 2021).

Comments: The ED Short List has been developed by IHPA from the full version of ICD-10-AM. The ED Short List was compiled using data analysis and clinical advice. The ED Short List was revised in April 2020 to include codes for coronavirus disease (COVID-19) and in March 2021 to include a code to capture an adverse effect of the COVID-19 vaccination.
