Collection and usage attributes

Guide for use: This code must be used in conjunction with an injury, poisoning or other adverse effect code and can be used with other ICD-10-AM disease codes.

External cause codes in the range V00 to Y89 must be accompanied by a place of occurrence code.

Comments: Enables categorisation of injury, poisoning, or other adverse effect, according to factors important for injury control. Necessary for defining and monitoring injury control targets, injury costing and identifying cases for in-depth research.
