Data element attributes

Collection and usage attributes

Guide for use:

This data element should be used in conjunction with Adoptive family—sibling composition, type code N[N].

This data element is used as a supplementary item in cases where 'other' is specified within a code frame and there is an option to describe the sibling composition of the family.

If 'other' is indicated as the sibling composition type in Adoptive family—sibling composition, type code N[N], provide details of the sibling composition of the family (eg. foster children only, both biological and foster children).
